Robin Steiner of Capes, Sokol, Goodman & Sarachan, P.C. is the winner of The St. Louis Chapter of CREW (Commercial Real Estate Women) Deal of the Year Award in the category of \$2 million-plus. The award winners were honored at the St. Louis Chapter's Third Annual Networking Awards Luncheon in February.

The awards reflect CREW's mission to advance the success of women in commercial real estate, as well as to support the community.

The work by five CREW members on a complicated construction loan and tax credits for a 256-unit multifamily property demonstrates great competence and professionalism by a team of women. Robin Steiner provided the expertise in title insurance and closing documentation.

CREW Network

The St. Louis Chapter of CREW Network was started in 1982. Since then, it has grown to become one of the largest of CREW's 60 chapters in North America, with more than 200 members from all disciplines in commercial real estate. Its mission is to advance the success of women in commercial real estate through networking and educational opportunities. Additionally, the St. Louis chapter supports the community. Its annual golf tournament has raised nearly \$500,000 for Safe Connections, formerly known as Women's Support and Community Services, an organization that provides a lifeline to survivors of domestic violence and sexual assault. The CREW Careers program introduces young women to career opportunities in commercial real estate.

The choice of a lawyer is an important decision and should not be based solely upon advertisements.
